DETAILED ACTION

This office action is in response to the amendment and remarks filed 10/31/05.

Allowable Subject Matter

1. Claims 1-16, 18-22 are allowed.

With respect to claims 1 and 8, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show *"said bridge bracket having a lower surface which has a center point and end tips and which lower surface has a first portion extending from said center portion to a first one of said end tips which diverges from said upper surface of said sealing element and a second portion extending from said center point to a second one of said end tips which diverges from said upper surface of said sealing element"*, in combination with the other claim limitations.

Claims 12 and 19 have been amended to include the allowable subject matter of claim 17. Thus, these claims are now in condition for allowance.

Allowable dependent claim 14 has been amended to be in independent form. Thus, this claim is now in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
